

APPENDIX 3: Agenda from 5/3 Science-Policy Workshop Convened by LCSG

- 10:00 a.m. **Welcome and Overview of the Workshop Objectives**
Louise Solliday, Oregon Governor’s Natural Resource Office
- 10:10 a.m. **Framing the Issues**
- Presentation on Nearshore Sand Depletion Issues
Jonathan Allan, DOGAMI
 - Overview of Nearshore Demonstration Project & Related Efforts
Steve Greenwood, Nearshore Project Staff
 - Recap of Day 1
Gail Achterman, Institute for Natural Resources, OSU
 - Charge to Participants
Susan Brody, Lower Columbia Solutions Group Staff
- 10:45 a.m. **Key Topic Presentations**
- Sediment Migration & Wave/Current Patterns
Dan Cox and Tuba Ozkan-Haller, Oregon State University
 - Facilitator summary of discussion from Day 1
 - Questions/Comments/Discussion

 - Benthic Infauna
Gary Braun, TetraTech EC, Inc.
 - Facilitator summary of discussion from Day 1
 - Questions/Comments/Discussion
- 12:00 p.m. **Lunch (provided)**
- 1:00 p.m. **Key Topics**
- Dungeness Crab
Walt Pearson, Pacific Northwest National Laboratory
 - Facilitator summary of discussion from Day 1
 - Questions/Comments/Discussion

 - Marine Fishes
William Percy, Oregon State University
 - Facilitator summary of discussion from Day 1
 - Questions/Comments/Discussion

 - Marine Birds and Mammals
Craig Strong, Crescent Coastal Research, and Jan Hodder, Oregon Institute of Marine Biology
 - Facilitator summary of discussion from Day 1
 - Questions/Comments/Discussion

2:35 p.m.

Synthesis and Plenary Discussion

Louise Solliday, Oregon Governor's Natural Resource Office

This agenda item will focus on the following questions:

1. What have we learned?
2. How does the information and discussion affect the nearshore project and related efforts?
3. What needs to happen next?
4. What can LCSG, INR, state and federal agencies and scientists do to move forward?

3:30 p.m.

Adjourn
