

## Heritage Rank Status Factors

**Elcode** NFSM000044  
**Gname** CORTINARIUS TABULARIS  
**Gcomname**

### Number of Occurrences

A = 1 - 5

**Comments** Occurs in Europe, known from Norway, possibly in the Pacific Northwest. No records in ISMS database.

### Number of Occurrences with Good Viability

U = Unknown what number of occurrences with good viability

**Comments**

### Population Size

A = 1-50 individuals

**Comments**

### Range Extent

A = <100 km<sup>2</sup> (less than about 40 square miles)

**Comments** Occurs in Europe, known from Norway, possibly in the Pacific Northwest. No records in ISMS database.

### Area of Occupancy

A = <0.4 km<sup>2</sup> (less than about 100 acres)

LA = <4 km (less than about 2.5 miles)

**Comments**

### Long-term Trend in Population Size, Extent of Occurrence, Area of Occupancy, and/or Number or Condition of Occurrences

U = Unknown. Long-term trend in population, range, area occupied, or number or condition of occurrences unknown

**Comments**

### Short-term Trend in Population Size, Extent of Occurrence, Area of Occupancy, and/or Number or Condition of Occurrences

U = Unknown. Short-term trend in population, range, area occupied, and number and condition of occurrences unknown.

**Comments**

## Threats

U = Unknown. The available information is not sufficient to assign degree of threat as above. (Severity, scope, and immediacy are all unknown, or mostly [two of three] unknown or not assessed [null].)

Scope Unknown Severity Unknown Immediacy Unknown

Comments Not enough data has been collected on this taxon to date.

## Number of Appropriately Protected and Managed Occurrences

U = Unknown whether any occurrences are appropriately protected and managed

Comments

## Intrinsic Vulnerability

U = Unknown

Comments

## Environmental Specificity

U = Unknown

Comments

## Other Considerations

NRANK - NU. Cortinarius tabularis (Fr.) Fr. C. tabularis apparently was not a name used by C. H. Kauffman or A. H. Smith.

**Edition** 11/23/2002 **Edauthor** Michelle Seidl

**Grank** GU **Grank Date** 11/23/2002

## Greasons

In Europe it is uncommon. In North America it is uncertain whether this taxon really occurs in the western region. Cannot properly rank this taxon but it does have a narrow range extent.
